EDUCATION

09/2019 - 07/2023 Tetouan, Morocco
Bachelor's degree in Mathematics and Informatics
Score: Around 2.8
Abdelmalek Essaadi University Faculty of Science

09/2015 - 07/2018 Martil, Morocco
High school diploma in Math
Score: 2.7

PROJECTS

04/2023 - 06/2023
Bachelor final year project (Airbnb new user bookings prediction) [code](#)
- **Use the basics of NLP to process the text features**
- **Fit the algorithm with numerical & categorical features. After fitting it with numerical, categorical, and text features and comparing the results.**

02/2023 - 03/2023
Survived prediction: [code](#)
- **Solve Titanic problem to apply what I learned in Andrew Ng machine learning course.**

01/2023 - 02/2023
Laptop price:
- **First, build a model to practice and master the foundations ([code](#)).**
- **Now I am working to automatize the data processing with pipelines and to build a user interface, so people can use our service to determine the price of their laptops ([code](#)).**

IT SKILLS

Languages
- **Python / C++**
- **SQL**

Machine Learning
- **Scikit-Learn**

Certifications:
- [**Python**](#) **&** [**Pandas**](#) **&** [**intro to ML**](#)

Data processing
- **Pandas / Numpy**
- **Matplotlib / Seaborn**

Fast Typing
- **Typing up to 70 words per minute**

COMPETITION PARTICIPANT

01/2016 High School Math Olympiad
10/2021 ICPC: Moroccan Collegiate Programming Contest [Awarde](#)
06/2022 ICPC ACPC Kickoff Online Individual Contest [Awarde](#)
